NoahWeingart.com

My goal is to use my unique blend of technical know-how and knowledge of energy and transportation systems to help solve the climate crisis. I want to develop technologies that can change the way we think about sustainable urban development across the globe.

EDUCATION

YALE UNIVERSITY

Master of Environmental Management
Energy Specialization
Expected May 2020

CORNELL UNIVERSITY

B.S. Mechanical Engineering, Cum Laude
Minor, Business for Engineers
December 2014

HIGHLIGHTS

**MORE THAN TEN
PRODUCT LAUNCHES**

**INVENTOR ON 3 PUBLICLY
AVAILABLE PATENTS**

**MOST VALUABLE PRODUCT,
ISC WEST 2018**

EXPERIENCE

DANDELION ENERGY

Independent Study in Product Management
Jan 2020 - Now

Define requirements for customer-facing interface
Design mockups for customer-facing interface

CT PUBLIC REGULATORY AGENCY

Student Researcher
September 2019 - December 2019

Analyzed benefits of electrifying public buses in CT
Determined most beneficial buses for electrification

ALARM.COM

Senior Associate, Product Management
Feb 2015 - May 2018

Managed automated lock and garage products
Launched card access platform in new vertical
